On the night of the 6th of December, 1816, the Exchange Office of the subscriber, Bridge street, Georgetown, from appearances by a false key, was robbed of the following property, in Specie, consisting of dollars, change, American and English gold, about 200 dollars; bank notes, mostly three dollar notes of the bank of Washington, and some small tickets, together about 30 dollars, a one pound note of the bank of England, and one hundred and sixty four lottery tickets as per numbers below. Richmond, Dec. 13.

Virginia Legislature.

The Senate are yet engaged on the Suspension Bill:—No decision.

Yesterday, the House of Delegates received, read and referred a great number of Petitions—To-morrow, we believe, is the last day for receiving them.

The Speaker handed to the House a Letter from the President and Directors of the Literary Fund, giving a View of the state of its Finances. It states, that during the years 1812, 13, 14 and 15, that fund had acquired in Bank and Public Stock to the amount of $ 50,200 00

Sum invested in the debt due from the Commonwealth to the Bank of Virginia, in November, 1816, 349,000 00

Cash in the Treasury, Nov. 18, 1816, &c. 9,197 55

$ 408,397 55

The President and Directors of the Literary Fund, by way of accelerating the execution of the great objects of their institution, propose, for the double purpose of augmenting the fund, and of investing it in the most profitable manner, the establishment of a Bank or Banks, with a capital of $ 2,500,000, to be located at such place or places, as may seem best—"The State to subscribe all the Literary Fund, with as much 6 per cent. stock, as will increase the amount to two millions and the balance to be made up by individuals—The bank to be authorised to sell the stock at pleasure; the interest of the 6 per cents. to be paid out of the surplus of appropriations made to other objects, and the revenue arising from the fines, forfeitures and escheats, and any balance that may remain after paying the interest of the 6 per cent. stock, to be vested, as a sinking fund to redeem the principal."

This Report was laid on the table.

A petition was presented from sundry inhabitants of Petersburg, stating the inconveniens of their going to seek justice eight miles, to the Court-house of Prince George county—and praying for a Superior Court of Law in their own town, etc.—Referred,

A petition was also received from the President and Directors of the Richmond Turnpike Company; praying an increase of tolls generally, and particularly on coal waggons carrying more than 60 bushels—praying that all waggons with narrow wheels may pay more than those with broad weels, etc. Referred.

A petition from the county of Fairfax, praying a canal to be cut from the head of Seneca Falls on the Potomac river to Alexandria, was read and referred.

A petition from Col. Campbell, late superientendant of the Penitentiary, and assistants, praying for compensation for extra services rendered during the war-etc. was referred.

Also—a petition from sundry inhabitants of the Borough of Norfolk, praying an extension of Catharine street on such terms and in such mode as may seem proper.

Mr. Chamberlayne moved for leave to bring in a bill to prescribe the manner in which magistrates shall administer the oaths of office to the Directors of the chartered banks—His object, as far as we could understand the motion is to administer a test oath to prevent any one who is guilty of Usury from acting as a Director—Referred to the following Committee. Messrs. Chamberlayne, Blackburn, Spraggens, Steinbergen, Bryce, Morgan, Starke (H.) Graves, Armistead [of Charles City,] Williams, Biscoe, Latane Harold, and Hill (of K. W.)

Mr. Doddridge obtained leave to bring in two bills—one to establish a turnpike road from Charleston in Brooke county, to the Western Boundary of Pennsylvania on the way to the town of Pittsburgh—the other concerning the Charleston and Washington Turnpike Company, for establishing a turnpike road from Charleston to the Western boundary of Pennsylvania on the way to Washington, in order to intersect the U. States Cumberland Road.

Leave was granted to bring in a bill to divide the 18th brigade, 3d division of the militia, which, according to the mover contains eight regiments, not less than 5000 militia.

Mr. Fishback obtained leave to bring in a bill to authorise the Court of Wythe county to lay a land tax to make a waggon road from Strawsville to Bachano's Cove.

Mr. Tucker asked leave to bring in a bill "To provide a public library."—Mr. T. expatiated on the inconveniences to which the Courts and the members of the Legislature were exposed for want of such an institution. Mr. T. stated he had reasons to believe that many liberal individuals would make large contributions to it.—Mr. Blackburn advocated the motion, comparing the money which would be laid out in such an intsitution to bread thrown upon the waters, which you would find after many days.—Mr. Doddridge also supported the motion with much earnestness, pointing to the examples of Ohio and Pennsylvania, each of which has a public library.—Leave was granted; and the following gentlemen named on the Committee—Messrs. Tucker, Blackburn, Doddridge, Estill Hay, Robertson [R.] Cook (N.) Mallory, Thweatt, Wilson [Monon.] Stark (G.) Wyatt, Yancey [B.] Mercer [of S. Maury and Colston.

Mr. Stokely obtained leave to bring in a bill to allow witnesses a more adequate compensation for their attendance at county courts, and for other purposes.

A petition was read and referred from sundry citizens of the City of Richmond, praying, on account of the interferrence of the Circuit Court of the county, with the Hustings Court, that the court day of the latter may be changed from the 2d to last Monday in each month.

Richmond, Dec. 14.

Yesterday, after some discussion, the suspension bill passed the senate, without any amendment. It is, therefore, in the same shape in which it has already appeared in this paper—but, as our readers might again wish to recur to it for information, we republish it for this purpose:

A BILL.

To suspend for a further time the Act entitled "An act to privide more effectually for the payment of specie by the several Banks of this Commonwealth."

1. Be it enacted by the General Assembly, That the act entitled "An act to provide more effectually for the payment of specie by the several banks of this Commonwealth," shall be further suspended until the first day of July next and no longer.

2. Provided, That no bank within this commonwealth shall avail itself of the benefit of this act which shall not, on or before the tenth day of January next, have resumed, & continued the payment in specie of all notes or tickets under one dollar.

3. This act shall be in force from the passing thereof.

Yesterday, the House of Delegates read a great number of bills and resolutions—& received a variety of petitions. This is the last day for receiving petitions.

An engrossed bill was passed for dividing the county of Harrison—the new county is to be named Lewis.

Mr. Lewis [from the committee of roads and internal navigation,] reported three resolutions—1st. That so much of the petition of sundry citizens of Henrico, Chesterfield and the city of Richmond as prays for an act incorporating a company to establish a turnpike road from Richmond to Petersburg, is reasonable. 2d. That the residue of the said petition, praying that a branch of the aforesaid road be extended to the banks of the James river opposite to Warwick in the county of Chesterfield, and that a ferry be established on the lands of William Randolph, be rejected. 3d, That a petition for a turnpike road from the city of Richmond, crossing Chickahominy river betwen the Meadow and New Bridges, till it intersects the Swamp road on the North side of said river, is reasonable. The house concurred in all these resolutions.

Mr. Doddridge on behalf of the select committee to whom the Staunton Memorial was referred, made a Report of considerable length. After a preamble, which discusses the inequalities, which prevail in our systems of Representation and Taxation, the Report concludes with the following Resolutions:

"Be it therefore Resolved, That it is expedient, at the ensuing general election for members of the general assembly to take the sense of the electors, qualified to vote by the existing laws, whether they are for or against a convention, for the purpose of amending the constitution of this state, so as to equalize the representation in both branches of the Legislature to equalize Taxation, and to provide for such future alterations as experience shall suggest.

"2. Resolved, That, if a majority of the persons thus qualified to vote at the ensuing general election, shall appear to be in favour of a convention, the executive shall immediately cause elections to be holden, for members of such convention, in the several congressional districts each elector so qualified, voting for as many deputies to such convention as shall be equal to one for every thousand of the whole white population of such district. The member so elected shall assemble at on the day of for the purpose of making the foregoing amendments."

On Mr. Doddridge's motion, this report was committed to a committee of the whole on the state of the commonwealth, and ordered to be printed.

After transacting some business, of little interesting to the reader as to the auditor, the House adjourned.

TUESDAY, DECEMBER 17.

Judge Smith has been elected a Sena tor of the U. S. for the State of South Carolina, to fill the vacancy occasioned by the resignation of John Taylor, Esq. till the 4th of March next, and for six years from that period.

FROM OUR CORRESPONDENT AT WASHINGTON.

Saturday, December 14.

A bill was yesterday read twice and ordered to a committee for Monday, to establish an uniform system of bankruptcy. Mr. Hopkinson, who introduced it, made a very few but pertinent observations on the circumstances which rendered the measure necessary, and above all urged the expediency of proceeding with dispatch, in order that the commercial world might at once be relieved from suspense upon the subject.

Mr. Hardin, upon the ground that from the President's Message it appeared there was some millions excess in the treasury, after meeting every demand arising from the war, and that after supporting the civil, military, and naval establishments, and paying the interest of the public debt, there would be a surplus of five millions of dollars, moved a resolution leading to a repeal of the duties laid last session upon home distilled spirits, which by desire of Mr. H. himself, was laid on the table.

Again Mr. Forsyth called upon the house to consider the motion to suspend the proceedings of the commissioner of claims—this motion produced the first animated discussion I have heard this session. Mr. Forsyth was supported in his motion by Mr. Yancey, Mr. Hulbert, Mr. Ross, and Mr. Barbour, and opposed by Mr. Grosvenor, Mr. M'Kee, Mr. Hardin, Mr. Taul, Mr. Robertson, Mr. Johnson, Mr. Webster, Mr. Pitkin, Mr. Wright, Mr. Randolph, Mr. Hopkinson and Mr. Calhoun. By the former it was urged that the commissioner had acted improperly in proceeding at all to decide on claims, after the President's having advised Congress to review and amend the law, particularly as his own conduct was under examination before the committee of claims; that his erroneous decisions were not confined to the clause, the execution of which had been complained of by the President, but extended to other parts of the act; that he ought to be stopt at once from proceeding, because his decision upon a claim was irrevocable, as the money was instantly paid under it at the treasury; and that the power granted him by the act was such as ought not to be vested in any subordinate ministerial officer. On the other hand it was contended, that the conduct of the commissioner, even in the points alluded to by the President, was pardonable & natural, as it grew out of a mere misconstruction at worst of a part of the act upon which there was a diversity of opinion even in that house; that a vague rumor was taken up by some gentlemen against demonstrable matters of fact; and on this part Mr. Johnson was very strong and pointed, vouching for the integrity of the commissioner, and stating that he had, ever since the meeting of Congress, put by all claims of a doubtful nature, and decided only on such as were undeniable. It was further urged, that if the proceedings were stopt now, immense injustice would be done to hundreds who had claims, and who living at a great distance, could not yet advance them: but the chief opposition stood upon higher ground Mr. Randolph, and in agreeing with him Mr. Hopkinson & Mr. Calhoun, treated it as a formidable blow at the constitution, such an attempt to grant to the President or to usurp in themselves, *the power of suspending laws:* If wrong had been done (Mr. Randolph said) that was no reason for adopting the first remedy that was proposed. The patient was sickly, but that was no reason for his swallowing the first nostrum that was offered him. He deprecated the Representatives of the people stooping to use their might to remove a petty officer, and above all, their being instrumental in introducing a doctrine which once deluged England with blood, and drove the Stewarts from its throne, to wit, the suspending prerogative. Call on the present president, said Mr. Randolph, to suspend this law, and some future president will suspend the laws without your consent. The resolution was ordered to lie on the table.

Choctaw Treaty.—Gen. Jno. Coffee and the Hon. Jno. Rhea, who [together with Col. John M' Kee,] were appointed to treat with the Choctaw Indians, returned home last week, having accomplished the object of their mission. By this treaty, we understand, the Choctaws have relinquished to the United States all their land lying east of the Tombigbee river; for which they are to receive the sum of 120,000 dollars, payable in twenty equal annual instalments.

London papers received at Charleston mention that "the Ministers of Louis XVIII. had resolved to make a fresh attempt to negociate for the sovereignity of St. Domingo. New commissioners sailed from a port in the neighborhood of Brest, in a private manner, in an unarmed vessel. They directly go to Petion's dominions, and it is understood that their tone will not be so high as that of their predeces ors."

Extract of a letter, dated 14th Nov. a respectable house in New Orleans.

"Our harbor is now full of vessels, & a great number reported in the river; British vessls are offering to take cotton at a very low freight—very little produce yet in market."——

Departed this life, yesterday morning, aged 73 years, Mr. JACOB FORTNEY, long an inhabitant of this town. The friends and acquaintance of the deceased are invited to attend his funeral this afternoon at 3 o'clock, from his late dwelling on Royal street.

Fauquier Lands.

THE subscriber offers for sale the Estate whereon he resides in the county of Fequier, about 8 miles below the court-house, on Cedar-Run, between the roads leading to Fredericksburgh and Occoquan, 30 miles distant from either place, and 40 to Alexandria by the turnpike, from Buckland. The tract is computed at

Three thousand three hundred and seventy Acres,

and is divided into three farms, with Woodland and Meadows, conveniently distributed for each. There is a

Valuable Mill Seat,

with stone on the spot for building.—The stream is abundant, and waters the whole tract, presenting an extent of

Four or five hundred Acres of Low Grounds

of first quality.—The high land is well divided into regular fields, some of them very productive, and is adapted to the use of Plaister. Few tracts can possess greater advantages either for extensive grazing or grain culture.

The purchaser or purchasers of the land, can be accommodated with the farming utensils, the crops of Corn and the sown Wheat—the stock of Cattle, Horses, Sheep and Hogs; and with the Negroes on the estate in families, making about 150, of a very valuable description, with some tradesmen.

The improvements are a comfortable Dwelling House, with good out Houses, Ice House, Stables, &c. The situation is healthy and the water uncommonly good. Two thirds of the whole purchase money will be required at the delivery of the property, the balance in short payments with interest and secured by a deed of trust.

JAMES KENNEDY & SON,

BOOKSELLERS, KING STREET,

Have just received from LEE'S PATENT MEDICINE Store, No. 46 Maiden Lane, N. York,

A FRESH SUPPLY

Of the following genuine Medicines.

For the prevention and cure of Bilious and Malignant Fevers, is recommended

Hahn's Anti-Bilious Pills.

THIS Medicine has been attended with a degree of success highly grateful to the inventor's feelings, in several parts of the West Indies, and the Southern & Middle States, particularly in N. York, Philadelphia, Baltimore, Petersburg, Richmond, Norfolk, Edenton, Wilmington, Charleston, and Savannah. The testimony of a number of persons at each of the above places can be adduced, who have reason to believe, that a timely use of this salutary remedy has, under Providence, preserved their lives, when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy, founded on mere assertion.

It is not, indeed, presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience, for believing that a dose of these Pills, taken once in every two weeks, during the prevalence of our bilious fevers, will prove an infallible preventative; and further, that in the earlier stages of those diseases, their use will very generally succeed in restoring health, and frequently in cases esteemed desperate, and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation, and of every age.

They are excellently adapted to cary off superfluous bile & prevent its morbid secretions—to restore & amend the appetite—to produce a free perspiration and thereby prevent colds which is so often of fatal consequences. A dose never fails to remove a cold it taken on its first appearance—they are celebrated for removing habitual costiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficacious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

HAMILTON'S WORM DESTROYING LOZENGES.

Which have cured an immense number of persons of both sexes, of every age, and in every situation, of various dangerous complaints arising from worms, and from obstructions orfoulness in their stomach and bowels.

This medicine bears no analogy whatever to others of similar titles so commonly complained of, as operating with violence; on the contrary, a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent, and is also mild in its operation, cannot injure the most delicate pregnant lady or the tenderest infant of a week old, should no worms exist in the body; but will, without pain or griping, cleanse the stomach and bowels, of whatever is foul or offensive, and thereby prevent the production of worms, and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humours and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

DESCRIPTION OF WORMS.

And the symptoms by which they are known:

Worms which infest the human body, are chiefly of four kinds, viz.—The Teres, or large round worm; the Ascarides, or small maw-worm; the Cucurbitina, or short, flat, white worm; and lastly, the Tænia, or tape-worm, so called from its resemblance to tape. This is often many yards long, and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are—disagreeable breath, especially in the morning; bad and corrupted gums; itching in the nose, and about the seat; convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes loathing food, and sometimes voracious; purging, with slimy & fœtid stools; vomiting; large and hard belly; pains and sickness at the stomach; slow fever, with small and irregular pulse; a dry cough; excessive thirst; sometimes pale and unhealthy countenance, and sometimes the face coated and flushed.

Persons afflicted with any of the above symptoms, should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success, in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent "the vomiting and purging of chint"—a dreadful disorder, which annually destroys the hands of the infant part of our citizens it is likewise the mildest and most certain emedy known, and has restored to health and strength a great number, when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

Hamilton's Essence and Extract of Mustard.

A safe and effectual remedy for acute and chronic rheumatism, gout asthmatic gout, palsy, lumbagoo, numbness, white swellings, chilblains, sprains, bruises, pain in the face and neck, etc.

The Genuine Persian Lotion.

So celebrated among the fashionable throughout Europe, is an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellant minerals. (the basis of other lotions) and of unparralled efficacy in removing blemishes of the face and skin, freckles, pimples, inflamatory redness, scurfs, tetters, ringworms, sunburns, prickly heat, &c. The Persian Lotion operates mildly, without impeding the natural, insensible perspiration, which is essential to health, yet its effects are speedy and permanent, rendering the skin delicately soft and smooth and improving the complexion.

The Restorative Powder for the teeth and Gums.

This excellent preparation comforts and strengthens the gums, preserves the enamel from decay, and cleanses and whitens the teeth, by absorbing all the acrimonious slime and foulness, which suffered to accumulate, never fails to injure and finally ruin them.

Hamilton's Grand Restorative,

Is recommended as an invaluable medicine for the speedy relief and permanent cure of the various complaints resulting from dissipated pleasures, juvenile indiscretions, residence in climates untavourable to the constitution, the immoderate use of tea, frequent inoxication or any other destructive intemperance the unskilful or excessive use of mercury, the diseases peculiar to females at a certain period of life, bad lyings in, &c.

HAMILTON'S ELIXIR.

Hahn's genuine Eye Water.
